Pastoral Scene

Along our journey this year, we allowed God's grace to gift us with His love, shared our time and talents through service for others, recognized the importance of family, and encouraged and supported each other as we strived for academic excellence and celebrated each individual.

In our sixth year, many exciting things happened! We began our STREAM education program. STREAM education incorporates Science, Technology, Religion, Engineering, Arts and Math into a project based learning program. Our students have been engaged in many project-based learning experiences that truly engaged them in their learning. In conjunction with STREAM, we also began our recycling program. Our students have done a great job in helping to make our campus "green".

This year, many of our students competed in regional competitions. Our students competed in the Extreme Games, Power of the Pen, and Scripps Spelling Bee. Many of our students placed in these events, and we won first place in one of the Extreme Games - Arcade Academy. As we move forward, our goal is to increase our participation in local competitions offered.

As we complete our sixth year, I want to personally thank Fr. Haren, Fr. Miola, our Board members, teachers, staff, parents, parishioners, and students for their contribution in making St. Benedict Catholic School an amazing place to learn and grow in our faith! We have traveled on this journey together, and all that we have accomplished would not have been possible without your prayers and support.

We look forward to continuing our journey together as we grow in God's goodness and love.

Don't Take Our Religious Freedom For Granted

During the month of June, the U.S. Supreme Court will be issuing three very important decisions which will affect the way that "freedom of religion" is protected in America. These cases all come down to one question: What is meant by the separation of Church and State?

When the U.S. Constitution was formed in the eighteenth century, the Bill of Rights was added to ensure that the government would not interfere with our peoples' liberty. The first amendment stated that the government could not interfere with the practice of religion. The government could not promote any one religion, nor deny any religion from practicing their beliefs. It was meant to protect religious freedom in America.

In subsequent years, the U.S. Supreme Court set up a guiding principle called the separation of Church and State to protect the religious freedom found in the first amendment. Unfortunately, this "principle" (which is not in the Constitution) has been used to diminish religious freedom in America. This is especially true to people who practice the teachings of Jesus Christ.

In recent years, groups that oppose religious freedom in America have used the "principle" of separation of Church and State to oppose any public Christian displays. They also use this "principle" to make laws that forbid Catholics and other Christians to follow their consciences in the workplace and in the common arena. Likewise, many judges in the court system seem to have a bias against religious people who want to practice their beliefs in public.

During the week of June 22 -29 all Catholics have been asked to pray to God every day to protect our religious freedom in America. We will have a special ceremony on **June 28th** at St. Monica's to follow through on this request. Please don't take religious freedom for granted. Remember the quote: "All it takes for evil to spread is for good people to do nothing". Let's do something. Don't take our religious freedom for granted.

The Sacrament of Marriage

Marriage is one of the Seven Sacraments of the Catholic Church. Jesus established the importance of this Sacrament when He said: "God made them male and female. For this reason a man shall leave his father and mother, and cling to his wife. Thus, they are no longer two, but one flesh. Therefore what God has joined together, let no man put asunder" (Matt. 19:3-6).

Since Marriage is a calling from God, this Sacrament should take place before a Priest or a Deacon in a Catholic Church. The presence of Jesus in the Church's tabernacle makes this location special because the couple is not only asking their family and friends to witness their Marriage, they are also asking Jesus to do so. There is no other place on earth that His presence is so unique.

When a couple is contemplating Marriage, it is time to contact a Catholic Priest or Deacon in their parish as soon as possible. This representative of Jesus will guide them in their preparation for the Holy Sacrament of Marriage. Marriage is a wonderful vocation. Jesus will help any couple who comes to Him to receive this Sacrament.

In Thanksgiving and Love

One of the best things in the history of my sojourn to the United States has been the opportunity to reside within the St. Monica Church community where I encountered the warmth and comfort of a love-filled home. In gratitude, it is my pleasure to express the deepest sentiments of appreciation to all the wonderful people of this Parish, and -- in a special way, I thank Fr. Haren for accepting and welcoming me to reside at his Parish while I pursued my education at John Carroll University. I also want to thank Fr. Montavon, Fr. Marszal, and Fr. Lukachinsky for their support -- especially during my moments when transitioning into American life and culture. I absolutely love it here, and I will surely miss the daily interactions I have shared with many of you; I will miss the friendships I have built in the past two years. However, the only thing constant in life is change, and it is time to move on. I will be furthering my career in Muncie, Indiana where I will live and work at St. Mary Catholic Church. I hope to keep the channel of friendships open and the lines of communications alive with all my friends at St. Monica's.
